Forecast For Grampian
Issued by Met Office Aberdeen
at 0400 on Monday 12 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Humid. Most cloudy, misty. Sunshine and showers in far west.

Today:
Humid. A cloudy day for most with mist, drizzle and fog patches, mainly focused around eastern coasts, where longer spells of rain may develop late afternoon. Moray, far western Aberdeenshire warm with strong sunshine, which builds showers into the afternoon. Maximum temperature 21 deg C (70 deg F).

Tonight:
Cloudy with some rain, mainly focused around eastern coastal fringes where more persistent outbreaks expected during the evening. Moray and far western Aberdeenshire clear spells, also some evening showers. Minimum temperature 10 deg C (50 deg F).

Tuesday:
East and central areas cloudy with some patchy light rain. Western parts see a mix of brighter spells and showers, though outbreaks lighter and more isolated than off late. Maximum temperature 21 deg C (70 deg F).

Outlook for Wednesday to Friday:
Dry and warm with light winds and strong sunshine. With winds turning to the west the best of the conditions will now be in the east.
